WASTE COLLECTION PERMIT

Waste Management (Collection Permit) Regulations, 2007 as amended

Offaly County Council as the National Waste Collection Permit Office being a nominated authority under Section 34(1)(aa) of the Waste Management Act 1996, has granted a waste collection permit to:

Table with permit details: Applicant Name: D&M Environmental Services Ltd, Trading As: D.M. Waste, Permit Number: NWCPO-11-08038-07, Trading Address: Labbadish Manorcunningham Co. Donegal, Registered Company Address: Labbadish Manorcunningham Co. Donegal, Permit Holder Phone Number: 0749157189, Valid From: 25/04/2023, Valid to and Expires on: 24/04/2028

This permit, issued to the aforementioned permit holder, is subject to the attached schedule of conditions.

Any non-compliance with the conditions of this permit is an offence under the Waste Management (Collection Permit) Regulations, 2007 as amended and Section 34(1) of the Waste Management Act 1996.

Signed: [Signature]
Programme Manager

Date: 25/04/2023

## REVIEW OF PERMIT

An application for the review of this permit shall be made **prior to the expiry date of this permit** to the National Waste Collection Permit Office, Offaly County Council, Áras an Chontae, Charleville Road, Tullamore, Co. Offaly. Where an application is made for the review of this permit prior to the expiry date of this permit, this permit shall remain in force until a decision is made on the review application.

The NWCPO may at any time review this waste collection permit under section 34A of the Waste Management Act 1996 and will give notice in writing of such intention to the permit holder.

The NWCPO is required to initiate a review of this waste collection permit where:

- i. The permit holder has been convicted of an offence prescribed under section 34(5) of the Act
- ii. The local authority believes that the permit holder is contravening or has contravened a condition under section 34(7)(b) (other than 34(7)(b)(v)).
- iii. The local authority believes that the permit holder is contravening or has contravened any three conditions other than those in (ii) during a five year period beginning on the date of the first such contravention.

# CONDITIONS

## 1. Scope of Permit

1.1 The permit holder shall:

- i. Only collect the waste type(s) specified in Appendix A (List of Waste six-digit codes)  
**Fixed Payment Notice Condition (S34(7)(d)(i))**
- ii. Only transfer waste to the facilities specified in Appendix B  
**Fixed Payment Notice Condition (S34(7)(d)(ii))**
- iii. Only use vehicle(s) specified in Appendix C, and for household kerbside waste collection, only use vehicles listed in Appendix C Table 2  
**Fixed Payment Notice Condition (S34(7)(d)(iii))**
- iv. Only collect waste within the local authority areas specified in Appendix D

1.2 The permit holder shall not collect the waste types specified in Appendix A unless they have a facility specified in Appendix B that will accept that waste type from the permit holder.

1.3 The permit holder shall not collect waste where they have no vehicles specified in Appendix C. The permit holder shall not collect household kerbside waste where they have no vehicles specified in Appendix C Table 2.

1.4 The permit shall be read in conjunction with such bye-laws for the time being in force as referred to in condition 2.8 of this permit.

1.5 The permit holder shall give notice in writing to the NWCPO of any proposed changes in the waste collection activity in advance of any such change coming into effect. The permit holder shall obtain the written agreement of the NWCPO before implementing any such change. Any non-compliance with the conditions of this permit is an offence under the Waste Management (Collection Permit) Regulations, 2007 as amended and section 34(1) of the Waste Management Act 1996.

1.6 The permit holder shall maintain, and provide to the NWCPO; a business address, business phone number, business email address, business contact name, business contact address.

The permit holder shall maintain, and provide to the NWCPO details for a point of contact within the business including, a contact name, business contact address, business contact email and business contact phone number.

The permit holder shall notify the NWCPO in writing, within one week, of any change to these contact details or the permit holder's legal entity or business/trade name(s).

## 2. Management of the Activity

2.1 The permit holder shall not cause environmental pollution during the course of the waste collection activity to which this permit relates, or as the case may be, may relate, or cause or facilitate the abandonment, dumping or unauthorised management or treatment of waste. Prior to the collection of waste from a waste facility, the permit holder shall ensure that appropriate authorisation is in place, where such authorisation is required in accordance with Section 39 of the Act.

2.2 The permit holder shall collect, transport, store, dispose of and/or recover waste in a manner so as to prevent pollution, contamination and deterioration of water, including groundwater, in accordance with The Water Framework Directive.

- 2.13** The permit holder shall carry or cause to be carried at all times a full copy of this permit including the latest revision of all appendices on each vehicle listed in Appendix C. If presented in electronic format to authorised persons, the copy of the permit shall be fully accessible and legible to the satisfaction of the authorised person.

**Fixed Payment Notice Condition (S34(7)(d)(iv)).**

- 2.14** The permit holder shall ensure that any/all relevant person(s) who is/are likely to be in a position to direct or control the carrying on of the waste collection activity i.e. managers/supervisors, hold a relevant qualification in waste management or equivalent, or have received training specific to the collection of waste. Evidence of completing a short-term training course e.g. one-day course, specific to waste collection permitting will meet the requirement of this condition.

All relevant persons shall complete and provide evidence of completion of a training course to the satisfaction of the NWCPO within 12 months of the date of grant of this permit unless otherwise agreed with the NWCPO.

Persons responsible for records maintenance and reporting in accordance with condition 4.5, 4.6, 4.7 and 4.14 shall complete and provide evidence of completion of a training course to the satisfaction of the NWCPO within 12 months of the date of grant of this permit unless otherwise agreed with the NWCPO.

- 2.15** The permit holder shall include their permit number, permit holder name or trading name as identified on the front page of this permit, on all promotional material, website(s), social media, dockets and correspondence issued by the permit holder in accordance with this permit.

**Fixed Payment Notice Condition (S34(7)(d)(v))**

- 2.16** The permit holder shall ensure at all times that waste collection activities are carried out in accordance with the provisions of the Waste Directive.
- 2.17** The permit holder shall take steps to ensure that all or a specified proportion of waste collected by the permit holder, including any List of Waste type(s) or class or classes of such waste is source segregated, treated, recovered or otherwise disposed of to secure the objectives of all relevant Waste Management Plans and all National and EU waste targets.

In particular the permit holder shall ensure that waste is:

- i. Where practicable and having regard to the waste hierarchy and section 21A of the Act, delivered to facilities where the preparation for reuse, recycling or recovery of the waste takes place.
  - ii. Presented, collected, handled and transported in a form, which enables any facility to which the waste is delivered, to comply with any specific conditions contained in, as the case may be, the waste licence, waste facility permit, certificate of registration, Integrated Pollution Prevention Control licence or Industrial Emissions licence, in relation to any performance targets or other limits or restrictions which have been established for the purpose of ensuring or encouraging the recycling or recovery of waste.
- 2.18** The permit holder shall ensure that where biowaste collected under this waste collection permit is transferred to a composting or biogas facility for the purpose of treatment and where animal by-products form all or part of that biowaste, that the facility has been approved in writing by the NWCPO for use by the permit holder and there is in force an appropriate veterinary authorisation issued by the Department of Agriculture, Food and the Marine in accordance with Article 10 (6) of the European Union (Animal By-Products) Regulations 2014 as amended.
- 2.19** Where the permit holder collects waste animal by-products; the collection, transport, storage,

### **Fixed Payment Notice Condition (S34(7)(d)(v)).**

**3.5** Each skip (including skip bags), tanker and trailer used for the purposes to which this permit relates, unless otherwise approved by the NWCPO in writing, shall be marked on at least two sides with the following information in visible, legible, and indelible lettering at least 70 millimeters high:

- i. Name of the permit holder or trading name or waste collection permit number as identified on the front page of this permit.
- ii. A unique identification number for the skip, tanker or trailer. The last two digits of the permit number need not be included on the skip (including skip bags), tanker or trailer marking (01, 02, 03 etc.).

### **Fixed Payment Notice Condition (S34(7)(d)(v))**

**3.6** The permit holder when using a skip (including skip bags) or other such receptacle for the purposes of the activity to which this permit relates, shall provide the hirer with a written agreement detailing:

- iii. The types of wastes which are permitted to be placed in the skip (including skip bags) or other such receptacle in accordance with Appendix A of this permit.
- iv. That the skip will be removed as soon as is practicable after it has been loaded unless otherwise agreed in writing with the local authority.

**3.7** The permit holder shall ensure that all consignments of waste are appropriately covered and managed during transit (including when parked) to prevent spillage, dust, litter or other nuisance. Any such incident shall be rectified as soon as is practicable to minimise environmental pollution.

**3.8** The permit holder shall ensure that skips and other such receptacles left in a public place (as defined in the Litter Pollution Acts 1997 to 2009) shall carry reflectors or lighting so that they are clearly visible during a period when vehicles are required to be lighted.

**3.9** The permit holder shall, notwithstanding the provisions of any bye-law made under section 72 of the Roads Act 1993, ensure that skips (including skip bags) and other such receptacles left on a public road shall be sited or deposited for no more than three days.

**3.10** No skip, tanker, trailer or container used by the permit holder for the purposes of the activity to which this permit relates and which contains waste shall be left in a public place (as defined in the Litter Pollution Acts 1997 to 2009), other than where it is initially filled, unless it is on or attached to a mechanically propelled vehicle, which is in transit to an authorised facility listed in Appendix B of this permit or such later revision of the said appendix as the NWCPO may issue.

**3.11** The permit holder shall ensure that all wheeled bins used for the collection of municipal waste shall comply with standard IS EN840 parts 1-6, unless otherwise agreed with the NWCPO.

**3.12** The permit holder shall, where required by the NWCPO, fit all or specified vehicle(s) listed in Appendix C of this permit, with electronic tracking technology. This technology shall facilitate the surveillance operations of enforcement authorities in monitoring compliance with the waste collection permit conditions. The technology fitted shall include a GPS tracker on each and all vehicles used for the collection and transportation of waste and shall measure the location of the vehicles to an accuracy of not less than 10m. The technology shall include a back-office reporting system detailing all mapped routes, vehicle movements and destination facilities for at least the previous 12 months (records commencing from the date of commissioning of the system). Authorised persons shall be given full access to the back office system in accordance with section 14 of the Act and the back-office system shall have the functionality to export reports on vehicle movements as may be reasonably required by the authorised person. The back-office system shall ensure that the integrity of the data can be maintained and as such the permit holder shall not

the vehicle, until control of the waste is transferred to an authorised facility specified in Appendix B of this permit or such later version of the appendix that the NWCPO may issue.

- xi. Provide a copy of the completed docket (electronic or written) to the customer which includes all the information required in condition 4.6 (except 4.6 (iii) and (xi) where the docket is being provided at the time of collection).
- xii. Upon request by a local authority, present a completed docket (electronic or written) with the details specified under condition 4.6 of this permit (except 4.6 (iii) and (xi) where the load is in transit to the destination facility).

**4.5** The permit holder shall maintain up-to-date summaries by electronic means, of the information in condition 4.6 in respect of waste collected by the permit holder in each calendar month. The dockets/records shall be maintained at the principal place of business for a period not less than seven years. These records shall be available for inspection at the principal place of business during normal working hours by authorised person(s) of any relevant local authority and any other person authorised under section 14 of the Waste Management Act 1996. The permit holder shall comply with the provisions of this condition unless otherwise agreed in writing by the NWCPO.

**4.6** The permit holder shall compile and maintain specified records for the collection of waste, for a period not less than seven years. Records other than household kerbside waste shall include as a minimum the following:

- xiii. List of Waste (LoW) code for each waste type and indicate whether or not the waste is hazardous
- xiv. Description of waste
- xv. Quantity (in units of tonnes or litres) of waste collected
- xvi. The local authority area of origin of the waste
- xvii. The name and address of the point of collection of the waste (including Eircode and NACE code where provided by the customer)
- xviii. The name, address and authorisation number of the waste facility to which the consignment of waste will be delivered
- xix. The name and waste collection permit number of the permit holder
- xx. Date and time of the waste collection
- xxi. Waste collection vehicle registration number
- xxii. Signature or electronic record of the vehicle driver
- xxiii. Signature of a representative of the authorised waste facility or confirmation of the receipt of the waste from the authorised waste facility by electronic means or otherwise in writing.

**4.7** The permit holder shall, not later than the 28th of February in each year, furnish to the NWCPO in such form as may be specified by the NWCPO, an Annual (Waste Data) Return (AR) in respect of waste collection activities carried out by the permit holder in the preceding calendar year or part thereof, as the case may be. The AR shall be a summary of the records maintained under condition 4.6 of the permit. The AR shall contain the following information in summary form, in respect of waste collected by the permit holder in the preceding calendar year:

- xxiv. Local authority area of origin of waste
- xxv. List of Waste (LoW) code for each waste type and indicate whether or not the waste is hazardous
- xxvi. Description of waste
- xxvii. Quantity (in tonnes) and units where specified of each waste type collected
- xxviii. Destination of waste (waste facility details)
- xxix. Country of destination (if exported abroad)
- xxx. The Transfrontier Shipment (TFS) notification number if the waste is exported abroad
- xxxi. Details of the waste facility where waste was collected if waste is collected from a waste facility

The information specified above may be used for local, regional and national enforcement and reporting, and to produce community statistics on the generation, recovery and disposal of waste.

- viii. The total number of non-household kerbside customers served with commercial kerbside waste collection service. Totals for each segregated fraction of waste (e.g. residual, recyclables, food & bio waste, glass) and the types of receptacles used, for each fraction reported, per each local authority functional area.
- ix. The participation rate of customers for any and all fractions of waste, presented by customers within the previous reporting quarter.

The information specified above may be used for local, regional and national reporting including being used to produce community statistics on the generation, recovery and disposal of waste.

**Fixed Payment Notice Condition (S34(7)(d)(vi))**

**5. Charges and Financial Provisions**

- 5.1 The permit holder shall make payments to the local authority or the NWCPO to defray such costs as may reasonably be incurred by the local authority or NWCPO where the costs do not exceed the actual expenditure reasonably incurred by the authority in inspecting, monitoring, auditing, enforcing or otherwise performing any functions in relation to the activity.
- 5.2 The permit holder shall effect and maintain appropriate and adequate policies of insurance insuring them in respect of any liability on their part to pay damages or costs on account of injury to person(s) or property arising from the activities concerned.
- 5.3 Without prejudice to the foregoing, the minimum level of indemnity to be maintained by the permit holder shall be to a value of not less than €6,500,000 for public liability insurance including cover for sudden and unforeseen pollution and €6,500,000 for third-party property damage motor insurance.

contaminate loads destined for recovery, recycling or reuse. The permit holder shall transfer contaminated loads to authorised facilities where segregation/treatment can be carried out.

**6.2.6** The collection of construction and demolition wastes that are hazardous in nature is additionally subject to the conditions specified for hazardous wastes.

**6.2.7** The permit holder shall only transfer the control of gypsum wastes to an authorised person for recovery or for disposal in accordance with the Council Decision of 19 December 2002 establishing criteria and procedures for the acceptance of waste at landfills pursuant to Article 16 of and Annex II to Directive 1999/31/EC [2003/33/EC].

### **6.3 End of Life Vehicles**

**The permit holder is not authorised to collect this waste type**

### **6.4 Hazardous Waste**

**6.4.1** The permit holder shall not mix hazardous waste with other hazardous or non-hazardous waste types prior to or during collection and transportation.

**6.4.2** The permit holder shall maintain records of all hazardous waste movements and shall comply with the European Communities (Shipments of Hazardous Waste exclusively within Ireland) Regulations 2011 (S.I. 324 of 2011), Council Directive 91/689/EEC the Waste Management (Shipment of Waste) Regulations, 2007 (S.I. 419 of 2007) and with Regulation (EU) No. 1013/2006 of 14 June 2006 on the shipments of waste. Accordingly, no movement of hazardous waste within the state should take place without a Waste Transfer Form (WTF) being completed in advance of the transport. Where waste is to be exported, a transfrontier shipment of waste authorisation should be in place. A movement tracking form should be submitted to the National TFS Office three days in advance of individual shipments taking place.

**6.4.3** A European List of Waste (LoW) code and waste description shall be assigned to each hazardous waste consignment collected, in accordance with the requirements of the European Communities (Shipments of Hazardous Waste exclusively within Ireland) Regulations 2011 (S.I. 324 of 2011).

**6.4.4** The permit holder shall ensure that all movements of hazardous waste comply with the requirements of the Carriage of Dangerous Goods by Road Regulations 2007 (S.I. 288 of 2007).

**6.4.5** The permit holder shall ensure that all receptacles used for the collection of hazardous waste are clearly identified as containing hazardous waste. The permit holder shall also be aware of the labelling requirements for transporting hazardous wastes under the Carriage of Dangerous Goods by Road Regulations 2007 (S.I. 288 of 2007).

**6.4.6** The permit holder shall include in their Emergency Response Procedure, a backup plan (called the Rejection Procedure) to deal with an event that a hazardous waste load is rejected at an authorised facility listed in Appendix B. Any load of hazardous waste that is rejected shall be treated as an incident and reported as per condition 4.2. It shall also be reported to Dublin City Council as per S.I. 324 of 2011.

**6.4.7** All vehicles, skips, tankers, trailers, used for the collection and transport of hazardous material shall be clean, dry and residue-free prior to commencement of loading of any new consignment of hazardous waste. If vehicles are to be used for the collection of any other waste types, they shall be decontaminated at an appropriate facility prior to use.

**6.4.8** Where the permit holder collects waste containing asbestos fibres or dust, care must be taken to ensure that the waste is treated and packaged so as to prevent the release of asbestos particles into the environment in accordance with Council Directive 87/217/EEC.

waste) Regulations 2015 as amended.

Contravention of this condition will initiate a review of the permit under section 34A(2)(b).

**6.6.3** All waste receptacles (including bags), used for the collection of household kerbside waste (including separately collected fractions) shall be identified with the following information in visible, legible and indelible lettering:

- i. Name of the permit holder or trading name or waste collection permit number as identified on the front page of this permit.
- ii. Where receptacles designed for reuse are used, a unique identification number for the customer or Radio Frequency Identification (RFID) chip identifying the customer presenting the waste.

The last two digits of the permit number need not be included on the receptacle (including bags) marking (01, 02, 03 etc).

**Fixed Payment Notice Condition (S34(7)(d)(v))**

**6.6.4** The permit holder shall ensure that food and bio-waste from households is collected and managed in accordance with the European Union (Household Food Waste and Bio-waste) Regulations 2015.

**6.6.5** The permit holder shall provide for the collection of at least the recyclable waste materials listed in Appendix E of this permit or such later revision to the said appendix as the NWCPO may issue. The permit holder shall provide a dry recyclable waste receptacle with at least the same capacity as the residual waste receptacle provided.

**6.6.6** The permit holder shall return emptied waste containers to the designated collection point or to the boundary of the premises from which it was collected, insofar as is practicable.

**6.6.7** Only the permit holder which owns a reusable receptacle provided to the householder for use shall empty or remove that receptacle, unless the prior agreement of the said permit holder or the relevant local authority is obtained.

**6.6.8** The permit holder shall interpret waste collected from multi-unit dwellings (e.g. apartments) to be household kerbside waste and the conditions of this permit relevant to household kerbside waste shall be complied with in that regard. Communal bins at multi-unit dwellings are allowed, provided segregated waste is collected in appropriate receptacles and in accordance with Condition 6.6.2.

**6.6.9** The permit holder shall have a customer charter in place, in the form set out in the sixth schedule of the Waste Management (Collection Permit) (Amendment) Regulations, 2015, or a form substantially to the like effect, to the satisfaction of the nominated authority. Any amendments or updates to the customer charter shall be submitted to the NWCPO within one week of the amendments or updates in order to facilitate publication of the revised charter on the NWCPO website. All customer charters shall be date stamped.

The customer charter shall be made available for inspection during normal business hours to any person and shall be prominently displayed on the permit holder's website where the permit holder has a website. Where the permit holder does not have a website, the customer charter shall be issued to all customers upon signing up for a service and any amendments issued thereafter.

A contravention of this condition will initiate a review of the permit under section 34A(2)(b).

**6.6.10** In the case of a customer ceasing service or changing service the permit holder shall collect or arrange the collection of their bins within one month of being notified of the cessation of the service by any party, unless the permit holder can provide evidence that alternative arrangements have been made with the customer regarding the collection of the bins. Where there is waste in the

fractions of household kerbside waste simultaneously, the existence of this facility shall be clearly marked on both sides of the main body or rear of the vehicle, in clearly exposed, legible, and indelible lettering at least 70 millimetres high.

### ***Record Keeping and Reporting***

**6.6.20** The permit holder shall report in writing or make available through electronic means to the person who presented the waste for collection (this can include a management company in the case of multi-unit dwellings e.g. apartments):

- i. the weight of each and every separate collection of waste (clearly identifying the waste type),
- ii. the registration number of each vehicle used to collect and transport each and every separate collection of waste,
- iii. on request from the customer, the waste facility that the waste was delivered to.

These details shall be reported or made available by electronic means at a frequency of not less than once every month.

For the avoidance of doubt, where a permit holder decides to report in writing rather than make available through electronic means, the report shall be issued to the customer at least monthly, without the customer having to request the information.

### **A contravention of this parts (i) or (ii) of this condition will initiate a review of the permit under section 34A(2)(b).**

**6.6.21** The permit holder shall, for a period not less than seven years, compile and maintain, up to date, specified records for the collection of household kerbside waste. These specified records shall include as a minimum the following:

- i. Date of waste collection
- ii. Waste collection vehicle registration number
- iii. The local authority area of origin of the waste
- iv. The name of the population agglomeration of the origin of the waste (where available), as may be specified by the NWCPO
- v. Customer name and address, including Eircode (where provided by the customer)
- vi. Identification of the customer as a household or apartment unit
- vii. Type of receptacle used by each customer for each waste fraction
- viii. List of Waste (LoW) and description of waste (residual, recyclable, food/bio-waste, glass etc.)
- ix. Quantity (in units of tonnes) of waste collected
- x. The name, address and licence, permit or certificate of registration number of the authorised waste facility to which the consignment of waste was delivered
- xi. Record of receptacles that were not collected due to contamination of the waste
- xii. Details of customers who choose not to partake in the collection of any of the separate fractions of household kerbside waste

**6.6.22** The permit holder shall use an electronic data management system to compile the records as outlined in condition 6.6.21. These records shall be:

- i. Available for inspection at the principal place of business during normal working hours by authorised officers of any relevant local authority and any other person authorised under section 14 of the Waste Management Act 1996
- ii. Provided on request and in the format specified (including electronically) by the NWCPO or authorised officers of any relevant local authority and any other person authorised under section 14 of the Waste Management Act 1996

**6.6.23** The permit holder shall, not later than the 28th February each year, furnish to the NWCPO in such form as may be specified by the NWCPO an Annual Report (AR) in respect of waste collection activities carried out by the permit holder in the preceding calendar year or part thereof, as the case may be. The AR shall be an accurate summary of the records maintained under condition 6.6.21 of the permit. The AR shall contain the following information in summary form, in respect of waste collected by the permit holder in the preceding calendar year:

the fees applied for the collection of residual household waste.

**6.6.27** The permit holder shall, if requested by the NWCPO, not later than the 28th February, 30th April, 31st July and 31st October of each year, furnish to the NWCPO in such form as may be specified by the NWCPO, a Quarterly (Waste Data) Report (QR) in respect of household kerbside waste collection activities carried out by the permit holder in the preceding standard calendar quarter or part thereof, as the case may be. The QR shall be a summary of the records maintained under condition 4.6 and 6.6.21 (where applicable) of the permit. The QR shall contain the following information in summary form, in respect of waste collected by the permit holder in the preceding calendar quarter year:

- i. Local authority area of origin of waste
- ii. Source of waste (household or apartment)
- iii. List of Waste (LoW) code for each waste type
- iv. Description of waste (residual, recyclables, food/bio-waste, glass etc.)
- v. Quantity (in tonnes) of each waste type collected
- vi. The total number of households served with kerbside collection: totals for each segregated fraction of waste (e.g. residual, recyclables, food & bio waste, glass) and the types of receptacles used, for each fraction reported, per each local authority functional area and if within an agglomeration of greater than 500 persons.
- vii. The participation rate for any or all fractions of waste, presented by households within a time period specified by the NWCPO.

The information specified above may be used for local, regional and national reporting including being used to produce community statistics on the generation, recovery and disposal of waste.

#### **Fixed Payment Notice Condition (S34(7)(d)(vi))**

### **6.7 Sludges for Agriculture and Septic Tank Waste**

**6.7.1** Sludges, including septic tank sludge shall be transferred to authorised facilities which are listed in Appendix B of this permit or such later revision of the said appendix as the NWCPO may issue.

**6.7.2** Where sludges are recovered at landbanks it shall be in accordance with a Nutrient Management Plan, approved in writing by the relevant Local Authority under Section 66 of the Waste Management Act 1996 and the European Union (Good Agricultural Practice for Protection of Waters) Regulations, 2017. For the purpose of this condition a landbank covers lands used for spreading or treating waste with a consequential benefit for an agricultural activity or ecological system and shall be listed in Appendix B of this permit. Each Nutrient Management Plan shall specify an expiry date.

**6.7.3** The permit holder shall ensure where wastes collected originate from an Integrated Pollution Prevention and Control (IPPC) licensed facility, that the waste shall be transported to authorised facilities listed in Appendix B, which are either;

- i. Governed in accordance with the conditions of the IPPC licence and where written agreement has been received from the Environmental Protection Agency, or
- ii. Operated in accordance with a Nutrient Management Plan approved in writing by the relevant Local Authority under Section 66 of the Waste Management Act 1996 and the European Communities (Good Agricultural Practice for Protection of Waters) Regulations, 2010 (S.I. 610 of 2010)

**6.7.4** The permit holder shall be familiar with the requirements placed on holders of waste, arising from bye-laws made by any of the local authorities listed in Appendix D under Section 21 of the Local Government (Water Pollution) Acts 1977 as amended and shall keep a copy of all such bye-laws at the address of the principal place of business. The permit holder shall not spread waste on lands unless it is in accordance with the requirements of the bye-laws in force in the Local Authority

- i. A permit holder who is registered with an approved body established in accordance with Regulation 30,
- ii. A farmer on request from that approved body
- iii. A local authority providing a service for the collection or, as appropriate, environmentally sound management of waste tyres,
- vi. An authorised recovery operator who is registered with an approved body.

#### **6.11 Waste Batteries and Accumulators**

**The permit holder is not authorised to collect this waste type**

#### **6.12 Wastes from Incineration**

**The permit holder is not authorised to collect this waste type**
